

...is give TRUTH a chance.

The "pitchfork and torch" class spanning elements from the far left and far right, have GIGATONS of anger, based upon the following accruals: 6+ DECADES of the ACCRUAL of exceptional ignorance, demonstrated by: offshoring middle class communities, intellectual property, innovation; binary political choices, octogenarian politicians without term limits, record money in politics, political party racketeering promoting candidates with limited capability, record accelerating (>\$27 trillion) public debt to a privately-held Federal Reserve Bank, record urban attrition, stupidification of public education, foreign policy propping up fascist rulers, rapid expansion and concentration of power of the oligarch class, >\$10 trillion in foreign conquest resulting in death and destruction, record drug addictions, record homelessness, record consumer debt, record divorce rate, decaying infrastructure, record inequality, social media tyranny and censorship, mass media operations under globalist direction, failure in public crisis management, failure to educate a population in self-reliance, brotherhood, and unity. Record success in educating citizens to hold one another in contempt. Record tolerance for apathy, greed, sloth, lust, depravity, corruption, and institutionalized incompetence. The greatest squandering of public funds and priorities in the recorded history of Western Civilization.

And record numbers of politicians acquiring record wealth in the name of public service.

The love of power drives humans to weaken, destroy and profit on the suffering of others.

The power of love drives humans to create for the betterment of humanity and nature.

It is better to be castigated for the latter.

The abatement of anger may be achieved by:

1. Re-shoring middle-class widespread prosperity, with constitutional egalitarianism.
2. The ruling-representative class prosecuting the systemic corruption of their own.
3. Cease foreign conquest and practice honest relations, converting "adversaries" to friends.
4. Err on the side of empathy and compassion, not destruction.

The majority of citizens are playing *non-consented musical chairs*, to a tune spun by the globalist-oligarch-eugenicists.

What is predictable is the *same level of thinking* shall lead the old republic to Self-organized critical (SOC) collapse. It is the same level of thinking that attempts to parse and categorize these simple words into a "political ideology" or a human category.

What is NOT predictable are the vectors of human movement and *responses to the hard-stop of the music*. The extremists across the spectrum are committed to a scorched-earth terror campaign of kidnapping and assassination of the perceived high profile members of the ruling-representative class, all of which is a predicted Pavlovian response to the program, and a key driver in the disastrous SOC-collapse.

Only a rapidly evolving different level of thinking may serve as the trim-tab on the rudder to greatly redirect the Titanic from the iceberg.

It is simply constitutional egalitarianism and thinking and acting in non-destructive, non-vitriolic, constructive ways that produce effective posterity and tranquility for the masses of constitutional citizens, one relationship at a time.

My neighbor need not suffer for me to enjoy and act in ways that promote tranquility and posterity for the neighborhood, village, city, state, nation, and world.

This is not liberal, conservative, capitalistic, or communistic.

It is holistic constitutional egalitarianism.

That is what Eisenhower should have been compelled to build in vast proportion, as part of a peace, philanthropical, ecological complex.

It WILL HAPPEN, after all stupid alternatives have been exhausted.

Thus spoke illimitable-spirit.

That which blocks the signal to illimitable-spirit are corruption, unforgiveness, and egocentrism.

It's time to remove the block.

Listen children, ALL is not lost!

In the NEW REPUBLIC 2.0, imperfect people form a more perfect union, with Providence. Core principles of community-based prosperity, LOCAL commerce, brotherhood, philanthropy, defense, disaster-prevention, distributed power, MEANS OF CONSTRUCTION, the Bill of Individual Rights, sustainability and resiliency, all calibrated to LOVE, JOY, GRATITUDE, PEACE, PROSPERITY, and ECOLOGICAL BALANCE.

In the New Model, all good people in the arena enjoy resuming the restoration of the Constitutional republic FROM JFK's point of interruption, can see for miles and miles, and enjoy Liberty in building out properties and the local means of production, with the capability to sow, nurture, grow, harvest, store, cook, engineer, design, program, automate, construct, process, raise, teach, counsel, hunt, defend, provide, debate, organize, compose, perform, worship, dance, laugh, love, celebrate, and sustain. Members enjoy a career in methods of spontaneous cooperation in the discovery and development of regenerative processes that achieve a well-defined whole!

"There is one revolution tolerable to all men, all societies, all political systems:

Revolution by design and invention."

-R. Buckminster "Bucky" Fuller, 1968.

The TRUE measure of greatness of the individual, organization, society, and world IS NOT a focus on elevating war sales and margin, but rather a focus on elevating the marginalized into a world that works for all of CREATION!

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual and nature, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."
