Barry Soetoro.

Barack Obama, AKA Barry Soetoro. A COLLECTIVIST NETWORK globalist champion, Barack continues to faithfully serve as the pathological lying front man, after Hillary's loss. His display of faux empathy and compassion for the suffering of others is nearly as believable as his globalist "brother", Bill Clinton. The \$70 million dollars in vacations Barack and family have enjoyed and 300+ rounds of golf courtesy of other people's money is a perfect representation of globalist values, within the old republic. His "signature" legislation of "Obamacare" is widely recognized as a complete failure. The very same federal government that is tasked with border protection under Mr. Barack's leadership has 72 DHS members on the terrorist watch list, as he sends \$500 million in arms and cash to unvetted Syrian rebels (terrorists), releases \$ billions to Iran, provides safe passage, supervises the successful funding and expansion of radical Islam, releases detained domestic criminal illegal immigrants, maintains open borders, moves to repeal the 2<sup>nd</sup> Amendment and due process through subjective enlistment on a "no fly" list, parodies the Constitution, and enters the old republic into world governance treaties, all the while doubling the unemployment **AND** homicide rate of African-Americans under his Democratic led cities. In addition, Mr. Barack enjoys blaming media coverage for his execution of the war on ISIS. Globalist shill Obama threatens to veto unanimous Senate bill authorizing pursuit of justice against Saudi Arabia for funding 9/11. The U.S. Congress promptly overrides Obama's 9/11 justice veto. Mr. Barack has been successful in moving the old republic forward to collapse, with a record low in labor force participation. Record \$19 Trillion collected in taxes, Record \$28 Trillion in spending, record urban decay and rioting. EPIC LOVABLE LOSER. Barack enjoys carefully crafted election tampering with felony convict Bob Creamer at the White House, with over 40 "official" visits. **RECORD 26,171 BOMBS DROPPED BY THE PATHOLOGICALLY CORRUPT "NOBEL PEACE PRIZE RECIPIENT" BARACK HUSSEIN OBAMA IN 2016.**

**Clint Eastwood: Obama "Worst President In Our History; He Looted America"**

**Shameless Barack Obama** "looted America like a mobster" while running "the dirtiest business in the town" according to Clint Eastwood, who also declared that history will judge Obama to be "the very worst president in the history of the United States – by some distance." "Nobody would have predicted Obama would turn out to be such a vindictive bully," Clint Eastwood said in London, England, while promoting his new film, 15:17 To Paris, about three young Americans who thwarted a terrorist attack on a French train in 2015.

"The great shame of the Obama administration was the way he looted ordinary Americans, and then put out hit-jobs on anybody who dared to question his White House," Eastwood said.

"There is hard evidence that anyone who filed a formal complaint with the authorities about illegal actions by Obama's administration was hit with vindictive and destructive bullying tactics by Obama's people."

"The Obama administration ruined millions of people's lives. Go and speak to the thousands of US citizens in New York, Seattle, Dallas, Boston, you name it, who had hit-jobs put on them by Obama and his administration."

According to the veteran actor and director, who was mocked by mainstream media for campaigning against Barack Obama in 2008 and 2012, Obama was "living under daily fear of being exposed" for running a sham presidency designed to exclusively benefit the elites who "rigged" his path into office.

"Silicon Valley, Chicago political dirty tricksters, and mainstream news cartels controlled by the DNC managed to rig Obama's way into office based on promises of kickbacks. And boy did Obama deliver."

"Dirtiest business in town"

"In hindsight it has become clearer that Obama's presidency was hanging by a thread of cover-ups," Eastwood said.

"We're talking Russian billionaire mining deals, Solyndra and Afghan profiteering schemes, and the like. The whole White House knew they were walking a tightrope. They could all go down in one Watergate-type revelation at any moment."

"Obama's Attorney General Eric Holder was voted the most corrupt Attorney General in history. And he had to be."

But it wasn't just Eric Holder, according to Eastwood. "There is a whole network of dirty tricks operatives passing themselves off as moral guardians of our country. Even Obama's own FBI broke laws and the limits of morality."

"There is a good film in all this," Eastwood said. "A cautionary tale about a Republic in crisis."

**"But America is not ready for it yet. The third act isn't finished. We need arrests."**
