Currency wars. Trade wars. Civil wars. World wars.

WILL TIME MAKE MEN MORE WISE?

WE can see for miles and miles.

You may just be right, Mr. Morrison.

NO ARMY can stop an idea whose time has come.

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."
