

"I agree to this Constitution with all its faults, if they are such: because I think a General Government necessary for us, and there is no *Form* of Government but what may be a Blessing to the People if well-administered; and I believe farther that this is likely to be well administered for a Course of Years and can only end in Despotism as other Forms have done before it, when the People shall become so corrupted as to need Despotic Government, being incapable of any other."

Benjamin Franklin.

The central banker-funded world-wide equity markets have now transcended humanity and Government!

2020 is the official year of the legendary launch of the post-human era, for the old republics!

The elite ruling class, their descendants, and enablers, SHALL party like it's 1999 for eternity in blissful digital unity, while the DECLINING balance of humanity beholds the wonder of it all.

It's an exclusive club.

However, the Creator of the Universe has the final say.

Therefore, ask not for whom the bell tolls.

May ALL the innocent enjoy shelter and peace, for the hour is getting late.

A step-change from Us and Them to WE occurs when Liberty, Justice, Kindness, Truth, and Beauty is availed to ALL of humanity, not just the few. And the men and women who hold high places must be the ones to start.

And it starts and ends with philanthropy, or lack thereof.

Politicians are obsolete as fundamental problem-solvers.

Human beings always do the most intelligent thing...after they've tried every stupid alternative and none of them have worked.

The Constitution only gives the people the right to pursue happiness. YOU have to catch it yourself!

It is error alone that requires the support of Government. Truth can stand on its own.

There are only two things we should fight for. One is the defense of our homes and other is the Bill of Rights."

The Government was set to protect man from criminals - and the Constitution was written to protect man from the Government.

The care of human life and happiness, and not their destruction, is the first and only object of good government. A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

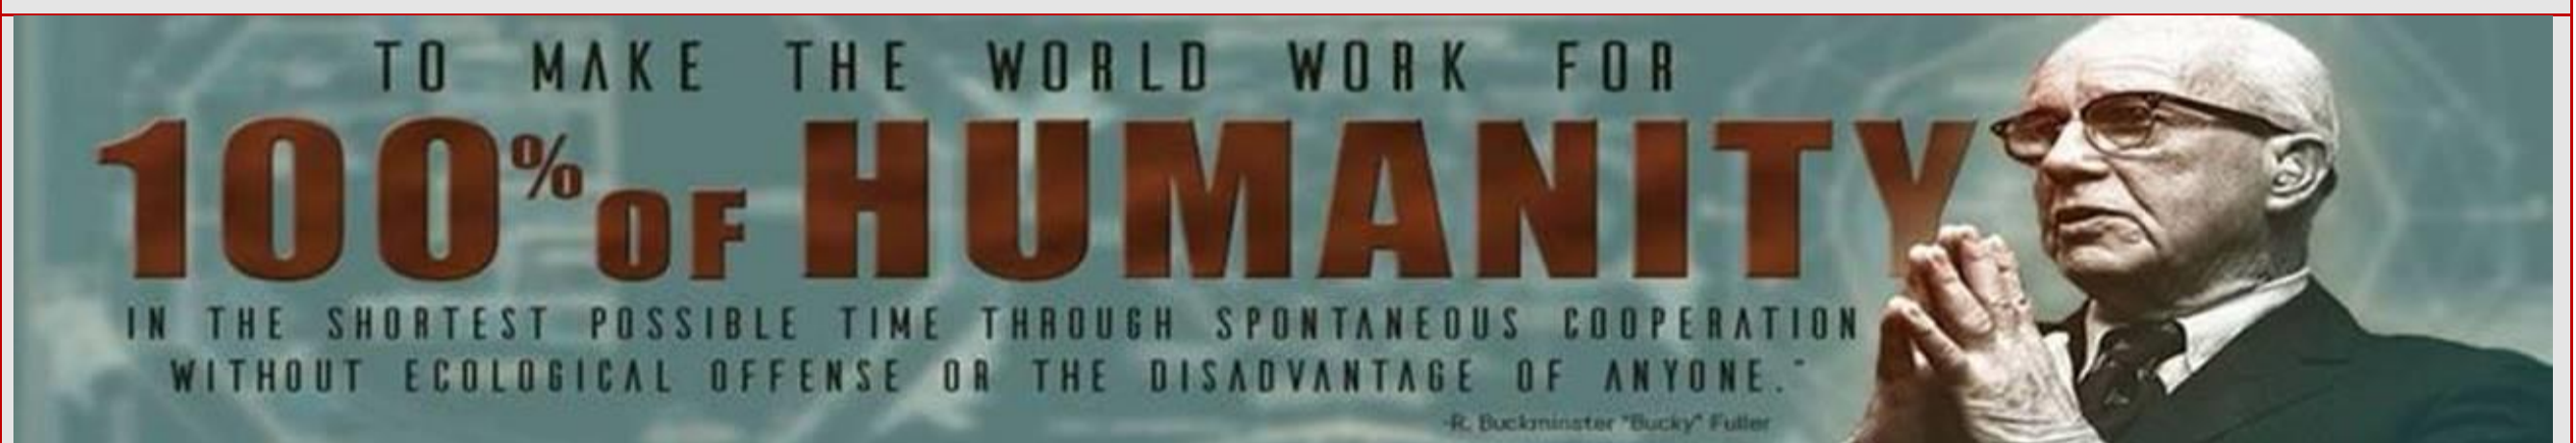

John F. Kennedy.
