

1. Free Enterprise IS NOT and has never been the problem.
2. The accelerating nationwide poverty and [debt](#) problem is effectively CLOAKED as a race problem, a diversity and inclusion problem, a public education problem, a public health problem, and a drug-addiction problem.
3. [Confirmation Bias](#) in race-relations is a direct result of human ignorance.
4. The failure of the [billionaire-class](#) to DIRECTLY deliver philanthropy, education in self-reliance, and civic responsibility shall accelerate the rioting and looting of vulnerable urban areas.
5. Urban policing shall continue to break down in vulnerable areas.
6. Flight from vulnerable urban areas shall accelerate, by those with the means and the will.
7. Unfortunately, Political parties are SQUANDERING the opportunity to UNITE the old republic ala [JFK](#) and [MLK](#) in articulating the effective problem statement and DELIVER philanthropic solutions DIRECTLY from the [billionaire-class](#).
8. Raising taxes on the [billionaire-class](#) will not solve the poverty problem.
9. The [indebting](#) of every taxpayer with over \$200,000 (and counting) in non-consented "printed" public debt by the private Federal Reserve bank is backed by the full faith and credit of the U.S. Military to DESTROY all competing global reserve currencies.
10. The rising stock market is NOT an indicator of economic, public, municipal, social, political, or community health, nor a predictor of the future-state.
11. The rising stock market IS an effective indicator of the private Federal Reserve bank and their unilateral capability to [indebt](#) U.S. taxpayers and inject corporate debt markets with liquidity and elevate equity prices for shareholders, the VAST majority of which are the [billionaire-class](#).
12. Until bio-animatronic Artificial Intelligence, surveillance, and bio-metric tracking ARE further developed, the U.S. Military, [Deep State](#) complex, and Guardian classes require a substantial recurring voluntary induction of poverty-stricken youth.
13. The successful election of [Deep State](#) loyalist and career politician Joe Biden will effectively [END](#) the old republic.
14. Vulnerable old republic urban centers shall continue collapsing into anarchy.
15. Regional tribalism, led by those connected to the local means of production, sustenance, and community-based philanthropic participation shall continue to GROW AND PROSPER.
16. [The old republic was abandoned decades ago by the billionaire-class in favor of CHINA](#), and has resulted in a depleted middle class, and a massive expansion of poverty and [central bank indebtedness](#), nationwide, and world-wide. This depletion was done with the CONSENT of elected U.S. political leaders.
17. The [billionaire-class](#) is not concerned with tendering a living-wage to the working poor.
18. The [billionaire-class](#) is not concerned with economic, public, municipal, social, or community health.
19. The private Federal Reserve bank is playing a confidence game with other [people's money](#) AND futures, and will FAIL.
20. No amount of political "happy-talk" can negate the FACT it is the FAILURE of the [billionaire-class](#) to DIRECTLY deliver philanthropy, education in self-reliance, and civic responsibility, in FAVOR of the lust for power and the love of money.
21. The [New Republic](#) is grounded in Constitutionalism, Free Enterprise, Expanding Middle Class, Livable Wages for Workers, Philanthropy, Self-Reliance, and local [Sustainable, Regenerative living](#).
22. The collapse of the old republic financial markets will be preceded by the incapacity of "consumers" to spend, take on, and [service unsustainable debt](#).
23. The PERFECT MARRIAGE of super-Communism and super-Capitalism is on FULL DISPLAY, in the old republic.
24. [CONSTITUTIONALISM....is the new counterculture!](#)
25. "In a time of universal deceit, telling the [truth](#) is a revolutionary act."
26. [Those who hold high places MUST be the ones to start](#), to mold a new reality.
27. "I'm [Charles Fuller](#), and [I approve this message, from the beginning, of the beginning.](#)"

.....starts with one person, one relationship, one family, one neighbor, one neighborhood, one village, one community, one city, one state, one nation, at a time...simultaneously.

[SYNCHRONICITY](#) and [ELECTRIC UNIVERSE](#).

Same as it ever was (in the old republic).
The market climbs the stairs (and wall of worry) up,
and rides the elevator down.
It shall become abundantly clear urban centers with
prized Chinese merchandise are increasingly lawless
and ungovernable.
Police [shall INCREASINGLY abandon their urban posts](#),
due to "heavy-handed" defensive tactics being
forbidden and obeying of [stand-down](#) orders issued
from their respective [mayors](#).
President Trump may offer the governors military
support under the Insurrection Act to thwart the
rioters and looters; However, the governors must
make the request.
Those who have the capability and will to [relocate](#)
to the countryside [are doing so in record numbers](#).

[Sent from the New Republic.](#)

[playlist](#).

As vulnerable urban centers shutdown amid the
lawlessness, ALL urban commerce commensurately
retracts.
Looting and rioting in vulnerable urban areas shall
continue until there is nothing left to steal.
Then many structures shall be promptly burned.
Despite [U.S. billionaire's pleas for the U.S.
taxpayer to fund the repair of urban blight](#),
demonstrable urban philanthropy DIRECT from the [top
400 U.S. billionaires](#), combined with education in
self-reliance and civic responsibility, MAY change
the urban calculus.
But I would not bet on it.
The billionaire class has been content with [the
established order](#) ever since they [abandoned the old
republic in favor of CHINA](#).

[CONSTITUTIONALISM....is the new counterculture!](#)
