

"I agree to this Constitution with all its faults, if they are such: because I think a *General Government necessary for us*, and there is no Form of Government but what may be a Blessing to the People if well-administered; and I believe farther that this is likely to be well-administered for a Course of Years and can only end in Despotism as other Forms have done before it, when the People shall become so corrupted as to need Despotic Government, being incapable of any other."
Benjamin Franklin.

The "citadel" of democracy has produced 6+ decades of accruals of dark variables leading to the Trump "insurgency."

In the unlikely event Trump releases the body of "top secret" evidence of the 6+ decades of accruals of the citadels' dark operations, the insurgency would cross-over to a "broader" center-right, center-left coalition.

Holding the impending Senate impeachment trial and accelerated center-left criminal, civil, and media pursuit over him and his family will likely stop the previously intended mass declassified "top secret" data dump.

Or it may compel him to "double-down."

The greatest danger to the republic is a government that ignores the Constitution.

The very word "secrecy" is repugnant in a free and open society.

Biden's administration shall divert ALL time and attention from these matters, identify a foreign enemy, and ramp-up the war economy with a kinetic conventional war on foreign soil.

Unemployed and underemployed alpha's have WAY too much time on their hands.

The general's lust for war must be satisfied with foreign conquest, and Congress shall "unite" in unanimously passing a multi-trillion-dollar emergency defense authorization act.

Hence, the alternative emergence of New Republic 2.0, grounded in constitutional egalitarianism, diversity, inclusion, love, joy, gratitude, peace, prosperity, self-reliance, regeneration, agrarianism, brotherhood, self-defense, and unity.

WE can see for miles and miles.

Biden shall approve the CIA false-flag attack plan on domestic infrastructure in the heart of angry Trumpism country, and "clearly implicate" the Russians.

This shall succeed in diffusing the angry focus on citadel dark operations, placate the generals' lust for conquest, ramp-up the war economy, stoke the stock market, conscript the unemployed and under-employed alpha's, placate the oligarch eugenicists, and "unite" the Congress against an evil foreign actor.

Meanwhile, New Republic 2.0 islands of prosperity continue to emerge within the sea of despair.

Biden would be "well-advised" to comply with ALL elements of CIA operation "Dark Horse", including directly implicating Trump and family in providing "material assistance" to the Russians, in the devastating attack on Trump-country infrastructure.

This ensures no entity shall ever encroach upon the citadels' dark operations again.

The love of power drives humans to weaken, destroy, and profit on the suffering of others and of nature.

The power of love drives humans to create and regenerate for the betterment of humanity and abundant life.

It is better to be castigated for the latter.

Distributed Power.

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual and nature, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

John F. Kennedy.
