China Energy Investment signs \$83.7 billion in West Virginia projects

Reuters Staff

BEIJING (Reuters) - China Energy Investment Corp, the world's largest asset value, has signed a memorandum of understanding (MOU) to invest in shale gas, power and chemical projects in West Virginia, the U.S. state...

The agreement was the biggest among a slew of deals signed during U.S. President Trump's state visit to Beijing. The total value of the deals done during the visit was as much as \$250 billion.
