

It is not the failure of free-market enterprise that has produced mayhem across America. It is the failure of those who have GREATLY benefited from free-market enterprise to deliver philanthropic relief and self-reliant education directly to the poor and the disadvantaged.

May ALL the innocent enjoy shelter and peace, for the hour is getting late.

A shift from Us and Them to WE occurs when Liberty, Justice, Kindness, Truth, and Beauty is availed to ALL of humanity, not just the few. And the men and women who hold high places must be the ones to start.

The Constitution only gives the people the right to pursue happiness. It's up to YOU to catch it!

It is error alone that requires the support of Government. Truth can stand on its own.

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

John F. Kennedy.
