

WE CAN SEE FOR MILES AND MILES.

You may just be right, Mr. Morrison.

NO ARMY can stop an idea whose time has come.

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

John F. Kennedy.

US District Judge Dan Polster presiding over nationwide opioid litigation dismissed an order that now allows the general public, for the first time ever, to examine opioid sales from the Drug Enforcement Administration's Automation of Reports and Consolidated Orders System (ARCOS) that details how the opioid epidemic exploded into almost every community across the US from 2006 through 2012.

"The public release of pre-2012 ARCOS data, which shows how prescription opioid pills flooded American communities, is a positive and transparent step forward," plaintiffs attorneys Paul Hanley, Paul Ferrell and Joe Rice said in a statement released Monday.

"The data provides statistical insights that help pinpoint the origins and spread of the opioid epidemic."
