With stress levels and angry debate escalating all around us, where can we find a place for engaging conversation, sensual aesthetics and the keys to a more peaceful mindset?

Turns out the philosophical insights taught by ancient Greek philosopher Epicurus at his personal home and garden are influencing important trends here in the 21st century.

Whether they are conscious of it or not, millions of millennials, along with many Baby Boomers and Gen'ers, are making influential lifestyle choices based on the teachings of Epicurus. The key influence: The desire for a simplified, more sustainable and enjoyable life.

WHO WAS EPICURUS?

In 306 B.C.E., Epicurus founded The Garden, a combination of philosophical community, informal

When the fittest minds are engaged in building a vast peace, ecological, and philanthropy complex, rather than a vast mass extinction complex, all sentient life on earth shall know an everlasting joy and peace.

How many wars and how many innocent people must die, to "preserve" the status of the dollar as the world reserve currency, so bankers like Jay Powell can print money out of nowhere, enslave citizens with non-consented debt, and further enrich the oligarchy? And with the financial politburo printing money out of nowhere, why is there poverty, homelessness, hunger, taxation, failing infrastructure, poor education, escalation in human suffering, and inequality? Can you guess the entity that is answering these questions? I can. It is called the great karmic rebuke. And it is connected to the moral arc of the universe, and it bends toward justice. And it shall serve swift justice to the financial politburo perpetrators and their oligarch masters. So what can one little man do about it? Simple. Build out the Epicurean garden and enjoy living a self-reliant life at the highest levels of consciousness, one day at a time. This shall sustain throughout the times that will come.

New beginnings are often disguised as painful endings.

Those within the Venn circle of E. Pluribus Unum for ALL U.S. constitutional citizens enjoy the first circle of synchronistic egalitarian unity.

Those within the Venn circle of E. Pluribus Division of ALL U.S. constitutional citizens languish within the infinite loop of despair, disenfranchisement, and disunity.

All sentient life is balanced on the wave of joy and sadness, tragedy and hope. Only YOU can make a difference!

Listen children, ALL is not lost!

In the NEW REPUBLIC 2.0, imperfect people form a more perfect union, with Providence. Core principles of community-based prosperity, LOCAL commerce, brotherhood, philanthropy, defense, disaster-prevention, distributed power, MEANS OF CONSTRUCTION, the Bill of Individual Rights, sustainability and resiliency, all calibrated to LOVE, JOY, GRATITUDE, PEACE, PROSPERITY, ECOLOGICAL BALANCE and CONSTITUTIONAL EGALITARIANISM.

In the New Model, all good people in the arena enjoy resuming the restoration of the Constitutional republic FROM JFK's point of interruption, can see for miles and miles, and enjoy Liberty in building out properties and the local means of production, with the capability to sow, nurture, grow, harvest, store, cook, engineer, design, program, automate, construct, process, raise, teach, counsel, hunt, defend, provide, debate, organize, compose, perform, worship, dance, laugh, love, celebrate, and sustain. Members enjoy a career in methods of spontaneous cooperation in the discovery and development of regenerative processes that achieve a well-defined whole!

"There is one revolution tolerable to all men, all societies, all political systems:  
Revolution by design and invention."  
-R. Buckminster "Bucky" Fuller, 1968.

The TRUE measure of greatness of the individual, organization, society, and world IS NOT a focus on elevating war sales and margin, but rather a focus on elevating the marginalized into a world that works for all of CREATION!

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual and nature, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."
