In the old republics, the national (and world-wide) POVERTY problem is effectively CLOAKED as a race, homeless, diversity and inclusion, population control, ecological, gender identity, addiction, currency, trade, and free-enterprise problem.

The enslaving of the American taxpayer with non-consented debt issued by the private Federal Reserve Bank and the Congress is simply serving to provide far greater enrichment to the billionaire class. This is leading to the greatest currency, market, and world-wide reset in arrangements in human history.

The billionaire-class and their descendants may change the POVERTY calculus through great works of philanthropic relief, with education and practice in self-reliance, civic responsibility, regenerative urban and community living and development, entrepreneurism, and great works of human and civic compassion.

Those who hold high places MUST be the ones to start.
Their lives depend on it.

Back AT the Garden!

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"
One person can make a difference, and everyone should try."
"It is a crime for any citizen to shrink from controversy."
"When TRUTH represents an existential threat, then censorship is deployed."
"Those who make peaceful revolution impossible will make violent revolution inevitable."

John F. Kennedy.

I think it's time to get ready.

TO MAKE THE WORLD WORK FOR 100% OF HUMANITY IN THE SHORTEST POSSIBLE TIME THROUGH SPONTANEOUS COOPERATION WITHOUT ECOLOGICAL OFFENSE OR THE DISADVANTAGE OF ANYONE."

THE TEST OF OUR PROGRESS IS NOT WHETHER WE ADD MORE TO THE ABUNDANCE OF THOSE WHO HAVE MUCH; IT IS WHETHER WE PROVIDE ENOUGH FOR THOSE WHO HAVE TOO LITTLE.

If man chooses oblivion, he can go right on leaving his fate to his political leaders. If he chooses Utopia, he must initiate an enormous education program – immediately, if not sooner.

There are only two things we should fight for. One is the defense of our homes and other is the Bill of Rights."
Smedley Butler.

"Everything that is really great and inspiring is created by the individual who can labor in freedom!"
Albert Einstein.
