

The elites, who own the representative class, do not want a middle class population of self-reliant, well-informed, enterprising, philanthropic, compassionate peoples, building out peaceful communities and border security. They want a population of kneeling slaves.

The enlightened path forward is for them to peacefully, through philanthropy, build out the ecological, peace, and philanthropy complex, and drive sovereign constitutional egalitarianism and constructive free enterprise for all citizens.

The other path will not end well for them!

In the NEW REPUBLIC, the OLIGARCH IMPERATIVE offers the enlightened choice for oligarch greatness to be enshrined in the great Age of Enlightenment, Act II. The launch of an ecological, peace, and philanthropy complex of vast capability is a wise philanthropic choice for the oligarchs, their holdings and their sycophants. While retaining exulted status, humanity and life move forward in sovereign Constitutional egalitarian abundance achieved through great enterprising works of enduring construction.

Warfare science is redirected to ecological science, developed, designed, and constructed by a growing, thriving, prosperous, self-reliant, compassionate, enterprising, philanthropic, middle-class and independent well-informed self-reliant regenerative communities. With UNITY from left, center, and right political spectrums, and BACKED by the intellectual, professional, trade, and GUARDIAN classes.

ALL dynamic systems require DIVERSITY for stability, resilience, and survival. This is expressed across ecology, biology, cultures, political and electrical power distribution, organizations, governments, societies, and HUMANS.

In the old republics and dictatorships, the failure of the FUBAR centralized representative class to effectively articulate societal and earth problem statements and cooperate with immediate diverse impactful solutions is a primary factor in the accelerated self-organized critical demise and the rapid ascendancy of the oligarch class.

Citizens United and Oligarch lobbyist money seeks to maintain the established order for themselves, their descendants, AND their purchased sycophants, at the WILLFUL EXCLUSION of a growing, thriving, prosperous, self-reliant, compassionate, enterprising, philanthropic, middle-class and independent well-informed self-reliant regenerative communities.

Ecological science has been willfully ignored in favor of warfare science and hydrocarbon extraction, to the peril of the human and earth experiment.

In the NEW REPUBLIC, imperfect people form a more perfect union, with Providence. Core principles of community-based prosperity, LOCAL commerce, supply, brotherhood, philanthropy, defense, disaster-prevention, distributed power, MEANS OF CONSTRUCTION, the Bill of Individual Rights, sustainability and resiliency, all calibrated to LOVE, JOY, GRATITUDE, AND PEACE!

Within You...The Garden of Eden...Without You...Easter Island.

The purpose of discipline is to live life more FULLER, not less!

In the New Model, sustaining synchronicity and self-actualization...for ALL of earth's humanity and abundant life...IS the policy, with sovereign Constitutional egalitarianism.

The FUTURE...reimagined by the sparkling rivers, lakes, and oceans!

In the New Model, all good people in the arena enjoy resuming the restoration of the Constitutional republic FROM JFK's point of interruption, can see for miles and miles, and enjoy Liberty in building out properties and the local means of production, with the capability to sow, nurture, grow, harvest, store, cook, engineer, design, program, automate, construct, process, raise, teach, counsel, hunt, defend, provide, debate, organize, compose, perform, worship, dance, laugh, love, celebrate, and sustain. Members enjoy a career in methods of spontaneous cooperation in the discovery and development of regenerative processes that achieve a well-defined whole!

ALL is not lost!

"There is one revolution tolerable to all men, all societies, all political systems:
Revolution by design and invention."
-R. Buckminster "Bucky" Fuller, 1968.

The TRUE measure of greatness of the individual, organization, society, and world IS NOT a focus on elevating war sales and margin, but rather a focus on elevating the marginalized into a world that works for all of CREATION!

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual and nature, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

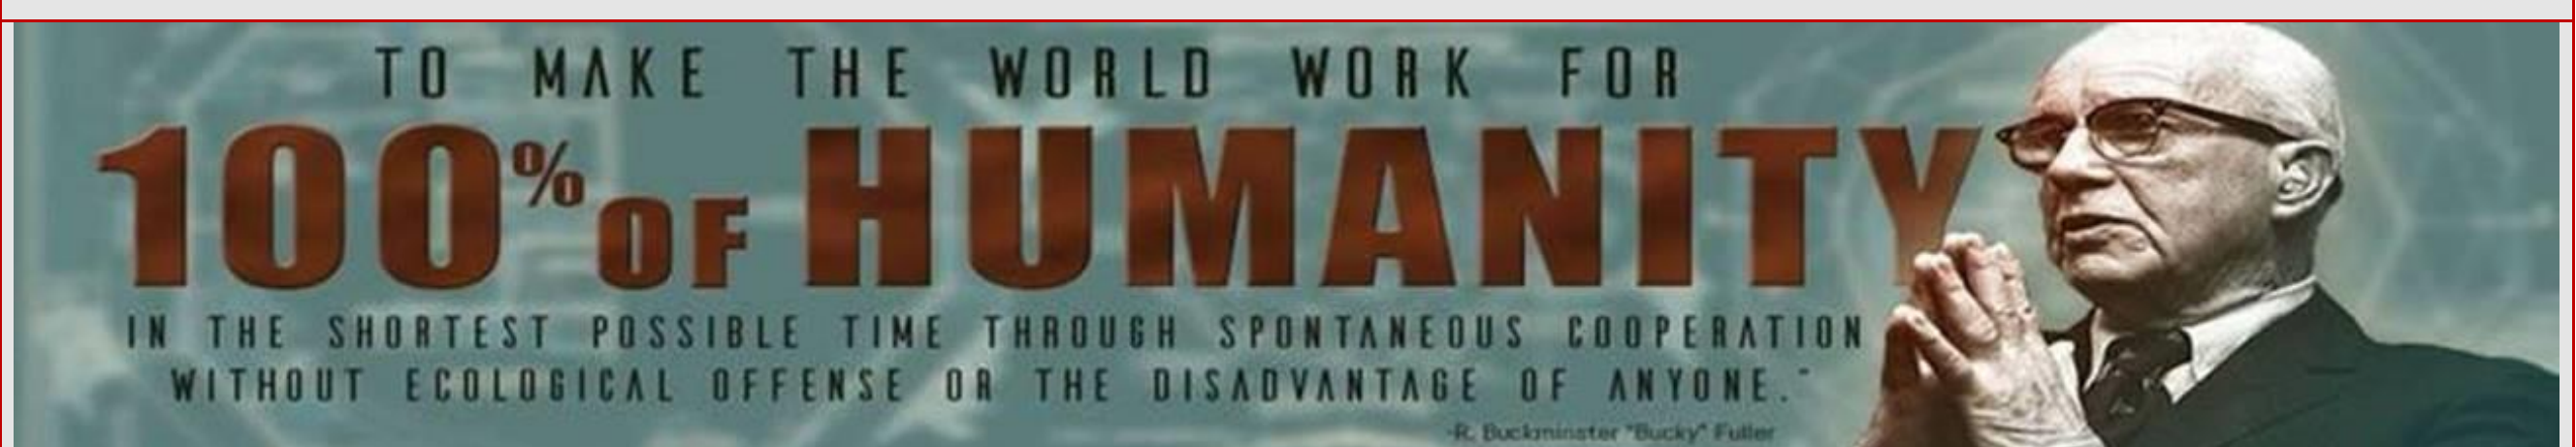

John F. Kennedy.

I think it's time to get ready!

"The secret of change is to focus all your energy, not on fighting the old, but on building the new."
SOCRATES

You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete.
